FEE is a **Supporting Partner** of the UN Decade

**Supporting Partners** can range from research institutes and universities to advocacy groups. They can be global, regional, or national in geographic focus.

We support the

## Alignment with the UN Decade on Ecosystem Restoration and SDGs for 2030

- Empowering a global movement **through engagement in biodiversity challenges**
  - Restoration **on the ground through implementation of programme actions**
  - Setting the right incentives **for a healthier environment for people**
  - Celebrating leadership **through action and awards**
  - Changing behaviours **through caring and connecting with nature**
  - Research **through GAD 2022**
  - Building capacity **of educators and practitioners through webinars and training**
  - Celebrating a culture of restoration **through campaign activities**
  - Building up the next generation **through our ESD youth programmes**
  - Listening and learning **through new partnerships and engagement**
- 
- Video Presentation of the campaign by UNEP representative will be shared.

- **25/01 limite para coordenadores regionais**
- **28/01 reunião júri nacional submissão**

## International Jury Evaluation 2022 - deadlines

➤ Northern hemisphere jury = 20<sup>th</sup> April 2022 – results by the 27<sup>th</sup> April ; plan your press releases after that date please.

➤ **DEADLINES: Wednesday 2<sup>nd</sup> and Wednesday 16<sup>th</sup> February 2022**

➤ Southern hemisphere jury = September 2022 – date to be confirmed

➤ **DEADLINES: Tuesday 7<sup>th</sup> June and Tuesday 21<sup>st</sup> June 2022**

**Warning: the deadlines and processes must be respected.**

## Best Practice competition

- **2022: FEE programmes synergies:**

One best practice per country or one proposed idea to strengthen synergies between Blue Flag and the other programmes (Eco-Schools, Green Key, LEAF and YRE).

If the Green Key programme is implemented in your country, please provide one example of synergy in priority.

Ex: Latvia, Eco-Schools and Blue Flag join forces to raise awareness about plastic pollution issues.

**A equipa Bandeira Azul também confirma a qualidade de excelência da temperatura das águas balneares e conservação da biodiversidade aquática!!!**
